

Computer Workshop
Assignment 2: Core Git
Dr. Maleki Majd

Contents

1	1 Git and GitHub	2
1.1	Repository Initialization and Commits	2

1 1 Git and GitHub

1.1 Repository Initialization and Commits

I initialized the Git repository for this assignment using the following commands:

```
$ git init
$ git add .
$ git commit -m "Initialized repository for the final assignment."
```
